Houston Texas, 77241-1132

Dear Fred Hartdegen,

On behalf of the Northeast Teller County Fire Protection District, I would like to tell you just how happy we are with your product. When we writing the specifications for our new engine there was never doubt that this was a product that had to be included. Our generator works flawlessly every time it is called upon. As I am sure that you are only to aware space is always at a premium when outfitting an Engine and your product makes efficient use of space and provides a tool that is a "must have item". Our Hart-A-Gen 6kw generator fits our needs perfectly. When the time comes for purchasing new apparatus a Hart-A-Gen generator will be included in the design.

If you are ever in the area please stop by and visit, and let us show you our equipment.

Once again I would like to thank-you for your outstanding product, and pass on our thanks to your staff. Enclosed is department t-shirt and patch.

Best wishes,

James Heenan
Fire Chief
