Mr. Hartgegen

Fuller Springs Volunteer Fire Department would like to express our appreciation for Mr. Hartgegen's assistance in the repair of our generator. He was very helpful and followed up afterward to be sure it was working properly.

We have his hydraulic generator on our '04 Ferrara Custom Pumper and HIGHLY recommend this unit. The driver flips a few switches while exiting the cab and the scene is lit up within about 1 or 2 seconds. No loss of bin space and there is no gas or oil to deal with. This unit is awesome.
